NUMISMATIST  
NEW YORK, U. S. A.

---

DEAR SIR:—Well, the battle has been fought and won, and having somewhat recovered from "the cold grey dawn of the morning after" we will proceed to tell you something of our November offering. The first part consists of Greek and Roman Silver Coins, and if you are interested at all in this branch of numismatics, you cannot fail to appreciate these specially selected specimens of the good old halcyon days. If these coins could but speak! We would be as was the Carthaginian Court, when Aeneas, that Prince of raconteurs, related his journeys to their Queen, CONTINUERE OMNES INTENTIQUE ORA TENEBANT. But alas! they cannot speak, and so imagination must perforce supply the details of their wanderings. Next in order, like as if we had the thousand league boots of Time, we are confronted with the coinage of our own beloved country, in various metals, all interesting, either for condition or rarity. Then a trip to Canada, with its wealth of jetons and 'checks' for most anything you may need, from a drink to a battleship, and yet all in all, a series that for condition and rarity is seldom offered. Then follows miscellaneous lots of foreign copper, silver, paper money, medals and numismatic books. But why specialize any further? "Have a look" and let your pocket-book do the rest. Please note that we are located permanently, we hope, in the Flat Iron Building, that Mecca of all tourists visiting New York, and as we are not very high up, and the elevators always run, we shall be pleased to see you when you call, and wish you a pleasant journey on your departure.

Very truly yours,

GEOFFREY CHARLTON ADAMS.
